

Cleaning Instructions

- Unzip the bottom zipper and carefully remove the backing plate.
- For extended durability, hand wash with mild soap and water, then hang to dry completely. Machine washing is also acceptable.
- Avoid high heat and direct sunlight during drying to prevent material degradation.

⚠ Important Notes

1. Adjust the headrest strap clips to the appropriate length. Ensure both sides and front/rear are tightened evenly.
2. When the safety belt is not in use, close the Velcro at the seat belt opening to prevent pet hair from becoming trapped.
3. For cleaning: First unzip the bottom zipper and remove the backing plate. Before each use, reinsert the backing plate and zip up the zipper.
4. During driving, always secure your pet with the safety belt.

Hand Washing Steps

1. Remove loose dirt from the surface with a dry brush.
2. Use mild soap with cold water and a damp sponge for spot cleaning. Avoid strong detergents.
3. If necessary, rinse larger areas to remove excess soap residue.
4. Hang to air dry.

Original Condition? Easy Returns!

- * Enjoy our 45-day return or exchange policy for items in pristine condition, including no stains or damage.
- * For a full refund, initiate the process via Amazon or our website.
- * To start, visit www.bellanpal.com/pages/return-policy and follow the provided steps.

Bella & Pal® Back Seat Extender For Dogs

Create with Care

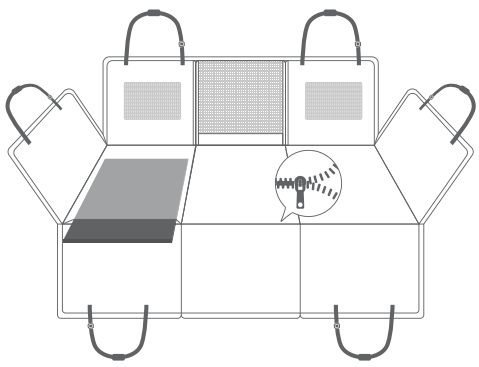

Thank you for choosing Bella & Pal® Back Seat Extender. We've designed this to give your furry pal a safe, comfortable travel experience on every journey.

Product Components

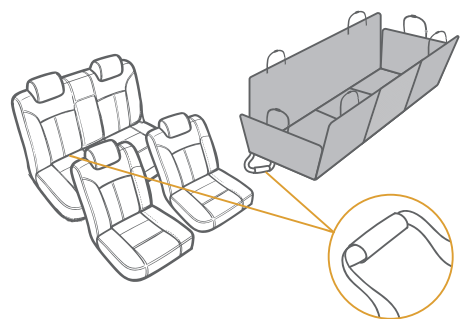

Installation Steps

STEP 1

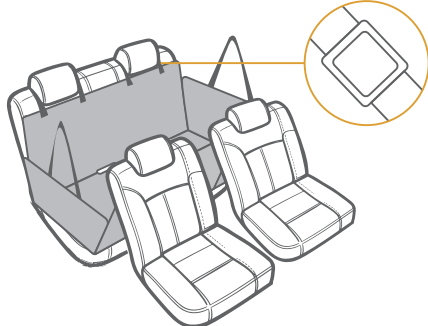

Ensure the three backing plates are inserted into the bottom of the extender during use.

STEP 2

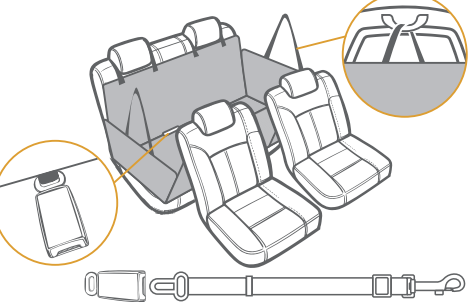

Place the anti-slip base on the car seat. Firmly insert the seat anchors into the gap between the seat cushion and backrest.

STEP 3

Tighten the attachment straps on both front and rear seats. The extender must stay secured with no slack.

STEP 4

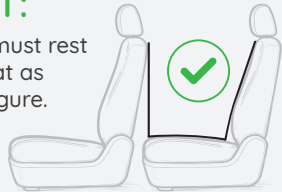

For full coverage mode: Zip up the side panels completely and secure the Side Panel Door Straps to the car's interior handles. *During driving, always secure your pet with the safety belt.

INCORRECT:

The extender should not hang above the seat as shown in the figure.

CORRECT:

The extender must rest fully on the seat as shown in the figure.
